Contact: [Creativekids.kns@gmail.com](mailto:Creativekids.kns@gmail.com) for further details.

## Junior hour Curriculum

During the junior hour children will have opportunities to engage in rest, relaxation, play and leisure both indoors and outdoors in a less structured and formal environment compared to their school day.

---

A child-led approach will be used, ensuring children choose what games and activities they wish to take part in throughout the hour.

---

Relaxation areas will be provided for children with soft furnishings, relaxing music, story and circle time and so that they can relax after a busy day at school. Children will also be able to play freely with toys, equipment and material which promote pretend, exploratory and curiosity driven play both indoors and outdoors.

---

Most importantly, qualified educator's will develop trusting relationships with children by ensuring to foster high-quality interactions while promoting meaningful experiences.
